Como Sobrevivir a Un PM

Christian Podesta Carlevaris

¿Quién no conoce un PM?

Seriamente, ¿qué hace el PM?

As a Project Manager you will **enable our development teams to work effectively** together with the client and **support our project operation**. At its core, this is a **servant leadership** role who facilitates and supports our teams in delivering high value solutions to our customers. contributing to building an environment where continuous improvement of the product development process is in focus and where everyone's common goal is to deliver outstanding software.

RESPONSIBILITIES

DELIVERY / TEAM:

- **Assist the team** in the early **identification of impediments** and work accordingly with the organization and/or other teams in order to **remove** them or **mitigate their impact** to the product development process.
- **Train and Mentor the team** in the correct understanding of **Agile values, principles** and applicable **frameworks**, enabling the team to identify how to get most value out of them within the context of the project.
- Make effective and timely use of **escalations** to the account team and/or client when needed.
- Actively **support team happiness** through building an environment of trust, openness

Seriamente, ¿qué hace el PM?

❏ Una nueva vision, dos tareas fundamentales

❏ Comunicar, comunicar, comunicar, comunicar, comunicar...

❏ Facilitador y "Servant Leader"

"Leadership is not a rank or a position.
Leadership is a service to be given."
- SIMON SINEK

¿Cómo sería un PM?

❏ Líder sirviente del equipo

❏ Visión del Negocio

❏ Visión Técnica

❏ Flexible, Negociador

¿Cómo interactuar con un PM?

❏ Diferencias en los lenguajes

❏ ¿Lo tecnico vs. el negocio?

❏ Equipos "T"

¿Preguntas?
¿Alguna anécdota que quieran compartir?

¡¡¡ Gracias !!!
